## Description :

Presentation de l'diteurThis book explores all of the wonderful aspects and funny quirks about Greece and the Greek way of life. By highlighting the many significant contributions that Greeks have made to civilization, the book focuses on how Greece, and the modern world, have transformed since the glory days of Athens into the present society, which exists today. Written by an expatriate, the social commentary offers a humorous guide to assimilating in Greece and learning how to chill out, Greek style. It's ideal for any foreigner interested in Greece, as well as for Greeks, who want to have a good laugh at themselves and feel proud of all they have (and have not) done.Presentation de l'diteurThis book explores all of the wonderful
