Description :

Prsentation de l'diteurWHAT READERS ARE SAYING:Only a Creative Genius would come up with this Unique Premise. Once again Dan O'Brien brings out the best in satire, insider jokes, and creative genius. As Mondays with Mephistopheies begins the readers isn't . . . quite . . . sure WHAT type of being IS the good doctor dealing with? It's a grand surprise of a short story as the reader checks off the list of possibilities - an alien? MIB? Something with pale 'skin' that doesn't like bright lights - clever in its timing and parallels

'Mondays with Mephistopheles' is as much sociology as supernatural. Not to knock 'Tuesday with Morrie' but 'Mondays with Mephistopheles' only has one or two things in common - beginning with its grave topic. I encountered Dan O'Brien through his posts on the page of a Facebook Friend about the time he was publishing 'The End of The World Playlist' . . . and thought what. the. hell?? Great editing, OUT-of-the-box premise, and it just starts there. a Punch!! The double entendres of Dan's writing are just too damned clever!

I'm NOT telling you WHAT the subject in 'Mondays...' is - Surprise yourself --- Oh! So! Worth the Read. Abraham Rogers has an unusual psychotherapy practice: monsters. This first installment is a session with Rhys, the IT vampire who cant quite connect with the modern world the way he would like. A humorous quick read that will sit with you long after you have finished reading. WHAT ARE YOU WAITING FOR? GRAB IT TODAY! Keywords: fantasy books male protagonist, magic realism urban fantasy, magical creatures, mythical creatures, short ebooks, quick reads for adults, despair Presentation de l'diteur WHAT READERS ARE SAYING: Only a Creative Genius would come up with this Unique Premise.
