Working for the family construction business fulltime and with the prospect of taking it over once her father retired, she tried to ignore the lingering idea of writing a novel until it became impossible. She finally found the time and courage to release her creative streak and in October 2012 self-published This Man as an e-book. She took a chance on a story with some intense characters, notably Mr. Jesse Ward, the Lord of the Manor, and sparked incredible reactions from women all over the world. Two months later, Jodi made the decision to give up her day job to concentrate on her new and very unexpected career in writing.
